

SEVEN SEAS ENTERPRISE

MANUFACTURERS AND EXPORTERS

A Govt. of India recognized Export House

Estd. 1980

Company Profile

About us

Established in 1980, SEVEN SEAS ENTERPRISE began as a manufacturer and exporter of stitching and embroidery threads and textile accessories. In 1985, we expanded our focus to become a leading manufacturer and exporter of apparel and fashion accessories. Today, recognized as a Government of India Export House, we export to over 25 countries. With a blend of experienced and innovative minds, we maintain a reputation for consistent quality, competitive pricing, and timely delivery.

Our Founder

Joe Shah, founder and president of SEVEN SEAS, started the company with a vision to take good quality textile products from India to the world. Strong determination and dedication have transformed this vision into a successful reality. His entrepreneurial and adventurous nature are the vital assets to SEVEN SEAS. In 2003, brand '7Seas' was established in Russia under his guidance.

“

Growth can be achieved only through quality, creativity and hard work

”

This is the ideology on which SEVEN SEAS thrives.

Joe Shah
Founder

Our Craftsmanship

We at SEVEN SEAS ENTERPRISE Apparel Division produce quality knitted and woven garments in our own factories or associate factories. Harnessing best of global technologies, we manufacture garments from Cotton, Viscose-Rayon, Elastane and Polyester combinations.

Our creative team works with Product teams of our Clients to develop apparel for all seasons – both for bulk buyers as well as brands. New Fabrics and trims along with processing methods play important role in our developments.

We produce organic, eco-friendly apparel and have recently added recycled knits to our sustainable collection.

Our Product line

Our versatile apparel line caters to Men, Women, and Kids alike, offering a wide range of options.

Knitted Outer Wear Tees and Tops

Knitted Bottom Wear

Knitted Pajamas and Nightwear

Woven Shirts and Tops
